DIRECT SALE of NEW ZEALAND

A remarkable selection of New Zealand for sale immediately. Much is from the collection of a single vendor who concentrated on unhinged mint and fine used material, as well as errors and varieties. In many cases we have included specialist descriptions of the printings. Campbell Paterson and Stanley Gibbons catalogue numbers are listed. **Ask for email scans of any items of interest.**

Where possible please give alternatives in case your first choice has been sold. **Lay-by:** If required, spread payment terms are offered on a lay-by basis, like our normal auctions. Payment procedure is one third immediately, one third in 1 month, last third in 2 months. A fee of 3% of purchase price is added and goods are sent on completion of payment. Longer terms will be considered.

X231	-	-	1949 Royal Visit 3d HMS Vanguard mint. An issue of 4 values was printed to mark the intended visit to New Zealand by King George VI in 1949. The stamps were never issued due to poor health of the King that forced cancellation of the visit. The entire printing of stamps was destroyed but legend has it that the corner of a sheet of 3d stamps was souvenired by a worker after it became caught in the furnace door during the destruction process. This may possibly explain the missing corner and crumples on our example. They were not generally known about until the 1970s when several 3d Vanguard stamps surfaced. Today we believe 6 examples exist, some of them damaged. One creased example sold c.1981 at \$14,000. In 1999 an example sold in the Stanley Gibbons NZ auction at \$22,250 (including buyers premium). In 2009 an example sold by public auction at just over \$31,000 (including buyers premium). Refer article in Captain Coqk magazine July 2010 page 64 (copy included). First enquiry will buy	\$15000
X232	-	-	The 1949 Royal Visit issue was cancelled due to the illness of King George VI. No stamps from this issue are known apart from the rare 3d Vanguard (see above). Here we have a set of 4 enlarged photographs used in the stamp production process showing the 4 different values. Note that they all include "1949" in the designs. We speculate that perhaps these productions were sent to designer James Berry to approve the engraving. The 4 items	\$ 1200
			Another Royal Visit tour was planned for 1952. Again it was cancelled due to illness and the eventual death of the King. A set of 4 Royal Visit stamps was engraved by Waterlow & Sons Ltd - different to the previous (1949) set. Proof material is very rare but examples exist imperf with a small punch hole at upper right. We can offer a proof of each value as follows:
